

## **Mulino Nicli: Creative spaces to grind ideas - Summer 2023 a project curated by Servi di Scena APS - MateâriUM**

Sometimes a desire to go elsewhere just arises, a desire to escape from everyday life and to reclaim our own time. Luckily, we live in an area full of welcoming spaces and privileged encounters.

**Mulino Nicli is one of these places: it's close at your fingertips, but it's also distant enough, it's an intimate place, full of creativity, personalities and events.**

We're here again to tell you that... the summer season is starting and we are opening the doors of our spaces. The sound of the *roggia* ("a little waterway") and the voice of our guests enter the mill room, the guesthouse and the rehearsal room.

Here you will find many beautiful opportunities to escape for a while from your commitments and to get involved in nature, art and people.

We are Servi di Scena and we have been active in cultural projects since 1998. In this summer, together with many partners, we will offer a wide range of events.

**We are waiting for you!**
